FOU FOU HA!

San Francisco's premier surrealist cabaret clown troupe.

Fou Fou Ha is San Francisco's premiere cartoon performance ensemble mixing dance theater, character interaction and a bedazzled fashionista trixter magic. Since 2001, the Fous have activated events, put on full game and variety shows, told stories (albeit in gibberish) and brought play and the absurd to events across the nation, having recently sprouted a NY branch known as Fou York. Describes as having a Fosse precision with a Jim Henson sensibility, Fou Fou Ha truly represents the mashup of San Francisco drag, mixed with the witty political acts and a fashion forward paradigm blender with a twist of party monster. Part glitter, part Fool archetype, part dance company and inhibition annihilators. Welcome to the Fou dimension...enjoy the ride
